GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

Net Change in Fund Balances - Total Governmental Funds \$ 3,142,897

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. In the statement of activities capital outlay is not reported as an expenditure. However, the statement of activities will report as depreciation expense the allocation of the cost of any depreciable asset over the estimated useful life of the asset. Therefore, this is the amount of capital outlay, depreciation and dedication of capital assets to other governments, in the current period.

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of government funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is net effect of these differences in the treatment of long-term debt and related items as follows:

Developer Advances	(4,226,015)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

**GREEN VALLEY RANCH EAST METROPOLITAN DISTRICT NO. 6**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2023**

**NOTE 1 DEFINITION OF REPORTING ENTITY**

Green Valley Ranch East Metropolitan District No. 6 (the District), a quasi-municipal corporation and political subdivision of the state of Colorado, located entirely in the city of Aurora, Adams County, Colorado, was organized on November 15, 2004, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District was established to provide financing for the construction and installation of public improvements and regional public improvements, including streets, traffic safety, water, sanitary sewer, park and recreation, public transportation, mosquito control, fire protection, and television relay improvements for the use and benefit of all anticipated inhabitants and taxpayers of the District. The District was formed in conjunction with seven other metropolitan districts: Aerotropolis Area Coordinating Metropolitan District (AACMD) (formerly known as Green Valley Ranch East Metropolitan District No. 1), Aurora Highlands Metropolitan District Nos. 1-3 (TAH 1-3) (formerly known as Green Valley Ranch East Metropolitan District Nos. 2-4), Green Valley Aurora Metropolitan District No. 1 (GVA) (formerly known as Green Valley Ranch East Metropolitan District No. 5), and Green Valley Ranch East Metropolitan District Nos. 7-8. Effective September 24, 2022, the City approved the Consolidated Second Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-14 (the Service Plan), which implemented an amended and restated service plan for the District, Green Valley Ranch East Metropolitan District Nos. 7-8, and organized Green Valley Ranch East Metropolitan District Nos. 9-14 (together, with the District and Green Valley Ranch East Metropolitan District Nos. 7-8, the GVRE Districts).

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements, which provide guidance for determining which governmental activities, organizations, and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District has no employees, and all operations and administrative functions are contracted.

**GREEN VALLEY RANCH EAST METROPOLITAN DISTRICT NO. 6**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2023**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The more significant accounting policies of the District are described as follows:

**Government-Wide and Fund Financial Statements**

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for the governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. The District has determined that Developer advances are not considered as revenue susceptible to accrual. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation due.

**GREEN VALLEY RANCH EAST METROPOLITAN DISTRICT NO. 6**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2023**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation**  
**(Continued)**

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the governmental funds.

The Capital Projects Fund is used to account for financial resources to be used for the acquisition and construction of capital equipment and facilities.

**Budgets**

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures and other financing uses level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

**Pooled Cash and Investments**

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

**Property Taxes**

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sale of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

**GREEN VALLEY RANCH EAST METROPOLITAN DISTRICT NO. 6**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2023**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Property Taxes (Continued)**

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The unearned property tax revenues are recorded as revenue in the year they are available or collected.

**Deferred Inflows of Resources**

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, *deferred property tax revenue*, is deferred and recognized as an inflow of resources in the period that the amount becomes available.

**Equity**

**Net Position**

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

**Fund Balance**

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

*Nonspendable Fund Balance* – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

*Restricted Fund Balance* – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

*Committed Fund Balance* – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

**GREEN VALLEY RANCH EAST METROPOLITAN DISTRICT NO. 6  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2023**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Equity (Continued)**

**Fund Balance (Continued)**

*Assigned Fund Balance* – The portion of fund balance that is constrained by the government’s intent to be used for specific purposes but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

*Unassigned Fund Balance* – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District’s practice to use the most restrictive classification first.

**NOTE 3 CASH AND INVESTMENTS**

Cash and investments as of December 31, 2023, are classified in the accompanying financial statements as follows:

Statement of Net Position:

Cash and Investments - Restricted	\$ 7,352,818
Total Cash and Investments	\$ 7,352,818

Cash and investments as of December 31, 2023, consist of the following:

Deposits with Financial Institutions	\$ 4,825
Investments	7,347,993
Total Cash and Investments	\$ 7,352,818

**Cash Deposits**

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

**GREEN VALLEY RANCH EAST METROPOLITAN DISTRICT NO. 6**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2023**

**NOTE 3 CASH AND INVESTMENTS (CONTINUED)**

**Cash Deposits (Continued)**

On December 31, 2023, the District's cash deposits had a bank balance and a carrying balance of \$4,825.

**Investments**

The District's formal investment policy is to follow state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (\*) below, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities of the World Bank
- . Certain international agency securities
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Written repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- \* Local government investment pools

As of December 31, 2023, the District had the following investments:

<u>Investment</u>	<u>Maturity</u>	<u>Amount</u>

**COLOTRUST**

The District invested in the Colorado Local Government Liquid Asset Trust (COLOTRUST) (the Trust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all state statutes governing the Trust. The Trust currently offers three portfolios – COLOTRUST PRIME, COLOTRUST PLUS+, and COLOTRUST EDGE.

COLOTRUST PRIME and COLOTRUST PLUS+, which operate similarly to a money market fund and each share is equal in value to \$1.00, offer daily liquidity. Both portfolios may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may also invest in certain obligations of U.S. government agencies, highest rated commercial paper, and any security allowed under CRS 24-75-601.

COLOTRUST EDGE, a variable Net Asset Value (NAV) Local Government Investment Pool, offers weekly liquidity and is managed to approximate a \$10.00 transactional share price. COLOTRUST EDGE may invest in securities authorized by Section 24-75-601.1, C.R.S., including U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain obligations of U.S. government agencies, and highest rated commercial paper.

A designated custodial bank serves as custodian for the Trust's portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for the Trust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by the Trust. COLOTRUST PRIME and COLOTRUST PLUS+ are rated AAAM by Standard & Poor's. COLOTRUST EDGE is rated AAAf/S1 by FitchRatings. COLOTRUST records its investments at fair value and the District records its investment in COLOTRUST at net asset value as determined by fair value. There are no unfunded commitments, the redemption frequency is daily or weekly, and there is no redemption notice period.

**NOTE 5 LONG-TERM OBLIGATIONS (CONTINUED)**

**\$43,590,000 Senior General Obligation Bonds, Series 2020A(3)**, dated July 29, 2020, with interest of 5.25%. The District issued the Series 2020A(3) Bonds (Senior Bonds) to pay project costs and costs of issuance. Interest is payable semiannually on June 1 and December 1. The bonds are term bonds due December 1, 2050, with mandatory sinking fund redemptions beginning December 1, 2028, and on every December 1 thereafter. All of the bonds are subject to redemption prior to maturity at the option of the District on September 1, 2025, and on any date thereafter without call premium.

Pursuant to the Senior Indenture, prior to the Conversion Date, the District has covenanted to impose a Senior Required Mill Levy upon all taxable property of the District each year in an amount that generates Senior Property Tax Revenues sufficient to pay the principal of, premium if any, and interest on the Senior Bonds when due (less any amounts then on deposit in the Senior Bond Fund and, solely as provided in the Indenture, the Surplus Fund), but not in excess of 50 mills (subject to adjustment described below). For so long as the amount on deposit in the Surplus Fund is less than the Maximum Surplus Amount, the Senior Required Mill Levy shall be equal to 50 mills (subject to adjustment), or such lesser amount that will generate Senior Property Tax Revenues (A) sufficient to pay the principal of, premium if any, and interest on the Senior Bonds when due and to fully fund the Surplus Fund to the Maximum Surplus Amount, or (B) which, when combined with moneys then on deposit in the Senior Bond Fund and the Surplus Fund, will pay the Senior Bonds in full in the year such levy is collected. In the event that the method of calculating assessed valuation is changed after January 1, 2004, the minimum mill levy of 50 mills and the maximum mill levy of 50 mills will be increased or decreased to reflect such changes, such increases or decreases to be determined by the Board in good faith (such determination to be binding and final) so that to the extent possible, the actual tax revenues generated by the mill levy, as adjusted, are neither diminished nor enhanced as a result of such changes (for purposes of the foregoing, a change in the ratio of actual valuation to assessed valuation shall be deemed to be a change in the method of calculating assessed valuation).

**\$43,590,000 Senior General Obligation Bonds, Series 2020A(3)**

The Bonds are additionally secured by capitalized interest which was funded from the proceeds of the Senior Bonds and by amounts, if any, in the Surplus Fund. Except for the Initial Deposit of \$4,359,000 from proceeds of the Senior Bonds, the Surplus Fund shall not be funded with proceeds of the Senior Bonds. Senior Pledged Revenue that is not needed to pay debt service on the Senior Bonds in any year will be deposited to and held in the Surplus Fund, up to the Maximum Surplus Amount of \$8,718,000.

**IGA Regarding Regional Transportation System Project Funding and Construction**

Contemporaneously with the execution of the ARI Mill Levies IGA above, the District entered into an Intergovernmental Agreement Regarding Regional Transportation System Project Funding and Construction (ARTA Projects IGA) with ARTA to facilitate the timely and efficient completion of seven Projects: 38<sup>th</sup> Avenue (Picadilly to Tibet), 38<sup>th</sup> Avenue (Tibet to E470), 48<sup>th</sup> Avenue (Rome to Tibet), 48<sup>th</sup> Avenue (Tibet to E470), Picadilly Road (38<sup>th</sup> to 48<sup>th</sup>), Picadilly Road (48<sup>th</sup> to 52<sup>nd</sup>), and Picadilly Road (52<sup>nd</sup> to 56<sup>th</sup>) (collectively, the Projects). The Projects are components of ARTA's capital plan. It is ARTA's intention to facilitate the completion of the Projects with the issuance of future bonds. ARTA currently does not have adequate funds to complete all of the the Projects. The District may have available or may be able to secure adequate funds and may be willing to fund a portion of the Projects on the condition that ARTA will reimburse the District for the actual costs incurred up to a maximum combined reimbursement amount of \$12,882,515 for the seven Projects. This amount shall be adjusted upward at the rate of 4% per year. Upon completion of any Project or portion thereof, the District will provide a written report to ARTA detailing the actual project costs, along with a certification from an independent professional engineer, prior to any reimbursement from ARTA. Actual project costs and any amounts due to the District from ARTA shall not accrue interest at any time. The District has completed the 38<sup>th</sup> Avenue Project and was subsequently reimbursed by ARTA, as discussed below, and has provided notice for the 48<sup>th</sup> Avenue Project.

**IGA Regarding Construction and Funding of 38<sup>th</sup> Avenue Improvements**

On July 23, 2021, the District and Tower Metropolitan District (TMD) entered into an Intergovernmental Agreement Regarding the Construction and Funding of 38<sup>th</sup> Avenue Improvements. One of the projects contemplated to be constructed in the above agreement with ARTA is 38<sup>th</sup> Avenue (Picadilly to Tibet). TMD is in the process of developing the south half of 38<sup>th</sup> Avenue from Picadilly Road on the west to Tibet Street on the east. In order to take advantage of cost and other efficiencies of constructing the entirety of this portion of 38<sup>th</sup> Avenue, the District has asked that TMD also construct the northern half in conjunction with and at the same time as it constructs the southern half. TMD coordinated the implementation and oversight of the construction work. The District engaged an independent engineer, Schedio Group LLC, who certified that (1) such actual project costs were actually incurred by and on behalf of the District for the project, and are reasonable and comparable for similarly projects as constructed in the Denver Metropolitan Area, and (2) that the City of Aurora initially accepted the project. The District paid TMD \$592,020 for completion of the project in October 2022.

Certain of these projects are subject to reimbursement under the ARTA Projects IGA. The Windler Agreement sets forth cost percentages owed by the District and Windler Public Improvement Authority for each project and sets up an escrow fund payment process with a final allocation process. For each project, the constructing party must adhere to construction standards, performance requirements, and notice requirements.

**IGA Concerning District Operations and Funding**

On July 15, 2020, the District entered into an Intergovernmental Agreement Concerning District Operations and Funding (Operations and Funding IGA) with District No. 7, SCR, Green Valley Ranch Metropolitan District No. 8 (District No. 8), and Central Adams County Water and Sanitation District (CACWSD) (collectively, the IGA Districts). The Operations and Funding IGA sets forth the IGA Districts' respective roles, responsibilities, and obligations with respect to the provision of administrative services, ownership, operation, and maintenance of public improvements and funding of the same, and to reflect agreed upon limitations of certain fees of the IGA Districts.

The IGA Districts agree that the net proceeds of bonds or other indebtedness shall be first used to repay obligations due to the Developer for public improvements that benefit the IGA Districts. All public improvements funded by the IGA Districts will be either dedicated to the City or other governmental entity or will be owned and operated by SCR. SCR will act as the Operator of the IGA District owned improvements and will act as District Administrator on behalf of the IGA Districts. As such, each IGA District shall impose ad valorem property taxes and/or fees sufficient to fund the operation and maintenance costs of the IGA District owned improvements within their respective IGA District and the costs of administrative services. The IGA Districts may impose reasonable fees for the use of the IGA District owned improvements by IGA district residents provided that all such revenues are used to pay the costs of financing, administering, operating, and maintaining the IGA District owned improvements.

The District received \$2,574,000 in ARTA Reimbursement Funds to be used for the construction projects as identified in the escrow agreement. The District assigned certain of these construction projects to SCR as noted in the agreement below.

**IGA Regarding Regional Transportation System Project Funding and Construction**

As noted above, on April 26, 2023, the District, SCR and ARTA entered into the First Amendment and Assignment and Novation of Intergovernmental Agreement Regarding Regional Transportation System Project Funding and Construction under which the District assigned the ARTA Projects IGA to SCR. The Windler Agreement was similarly assigned to SCR, effective as of April 21, 2023. Further, the District assigned various construction and consultant contracts for projects to SCR to fund and complete.

**NOTE 9 RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (the Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery, and workers' compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property, and public officials' liability coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

**NOTES TO BASIC FINANCIAL STATEMENTS**

**NOTE 10 TAX, SPENDING, AND DEBT LIMITATIONS**

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue, and debt limitations which apply to the state of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

On November 8, 2016, a majority of the District's electors authorized fees and tax levies to produce fees and taxes of an additional \$4,000,000,000 annually without regard to any limitations under TABOR.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits, will require judicial interpretation.

**NOTE 11 CONSTRUCTION COMMITMENTS**

As of December 31, 2023, the District had unexpended construction related contract commitments of approximately \$589,000.
