Accessibility Standards

Our ongoing technology accessibility efforts rely on the Technical Standards provided by:

- [8 CCR 1501-11 Rules Establishing Technology Accessibility Standards](#)
- World Wide Web Consortium (W3C) [Web Content Accessibility Guidelines \(WCAG\) 2.1](#) Level AA or higher
- [Section 508 of the U.S. Rehabilitation Act of 1973, Chapter 4](#)

Accessibility Maturity

As of June 17, 2025, the Districts are in the Launch Stage. Criteria includes: Recognized need organization-wide. Planning initiated but activities not well organized.

Progress Since Our Last Update

The Districts continue to make progress with complying with the Rules Establishing Technology Accessibility Standards as contained in 8 CCR § 1501-11, *et seq.*

Progress includes:

- Creating accessible templates for public records
- Conducting monthly technology accessibility scans of the Districts' website against applicable Technical Standards
- Reviewed technology accessibility scans and ordered remediation for noncompliant ICT contained within the Districts' websites
 - As of June 5, 2025, the result of the regular scanning and monitoring showed the Districts' ICT having an overall compliance score of 99% with the Technical Standards, as such term is defined in 8 CCR § 1501-11.
- Providing contact information for people to give us accessibility feedback and request reasonable accommodations or modifications. (*See the Technology Accessibility Statement which can be accessed using the following link:*
<https://gvremd.specialdistrict.org/technology-accessibility>)

Challenges include:

- The Districts have limited funding available for remediation and no funding is provided by external sources imposing the mandates.

- The Districts lack staff to provide continuity of management for technology.
- External District management and other consultants perform District operations given the relatively small scale of District operations, and they are not specialists in information technology.
- Information technology matters are not easily understood or learned by lay people who are not information technology specialists.
- Accessibility standards are rapidly changing making complete compliance difficult.
- Consultant managed website, documentation, procurement, contract and vendor management and communications present issues with remediation by multiple parties.

How We Are Implementing Accessibility

The Districts are committed to providing equitable access to all Coloradans. To that end, the Districts have a plan to prioritize, evaluate, remediate, and continuously improve digital touchpoints within our services, programs, and activities. We are working to incorporate accessibility into our day-to-day operations. Below, you will find some of the measures that the Districts are undertaking.

- Continuing to remediate known compliance issues identified through regular scanning and monitoring.
- Considering accessibility roadmaps to the extent offered by the Colorado Governor's Office of Information Technology or other third parties.
- Direct consultants to include accessibility in the procurement processes to the extent within the Districts' control.
- Direct consultants to create and implement a process for providing reasonable accommodations and modifications, which includes responses to requests for assistance.
- Participate in webinars and events, and review guidance, provided by the Districts' website platform, the Colorado Governor's Office of Information Technology, and the Colorado Special District Association.
- Monitor rulemaking efforts and guidance promulgated by the Colorado Governor's Office of Information Technology.
- Incorporate and utilize, to the extent reasonably available, new, and future accessibility features in public-facing technology used by the Districts.
- Conduct and maintain an inventory of technology and work to address accessibility issues.
 - We prioritize the order to address technology assets by Community Impact and Strategic impact. Community Impact includes considerations of user impact, usage metrics, and the importance of the technology asset to accessing our programs, services, and activities. Strategic Impact includes considerations of legal requirements, the type of program or service that the technology asset supports, and our plans for continuing / sunseting / replacing / expanding the technology asset or the program in the future.
 - Group 1: High Community Impact + High Strategic Impact = Test/remediate first.

- Group 2: High Community Impact + Low Strategic Impact = Test/remediate next. Plan accommodations first.
- Group 3: Low Community Impact + High Strategic Impact = Test/remediate after Group 2. Plan accommodations next.
- Group 4: Low Community Impact + Low Strategic Impact = Test/remediate last. Put accommodations in place last.

Formal Approval

On July 15, 2024 (No. 6); April 25, 2024 (No. 7); September 19, 2024 (No. 8); June 5, 2024 (Nos. 9, 12-14); and December 5, 2024 (Nos. 10 & 11), the Districts approved Resolutions Adopting the Technology Accessibility Statements and Technical Standards.

GREEN VALLEY RANCH EAST METROPOLITAN DISTRICT NO. 13
2026 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS

Services Provided

Green Valley Ranch East Metropolitan District No. 13 (the “District”), a quasi-municipal corporation and political subdivision of the State of Colorado was organized by Court Order and Decree of the District Court for Adams County on November 21, 2022, and is governed pursuant to provisions of the Colorado Special District Act, Title 32, Article I, Colorado Revised Statutes. The organization was approved by eligible electors of the District at an election held on November 8, 2022. The District was organized in conjunction with Green Valley Ranch East Metropolitan District Nos. 9-12 and 14.

At a special election of the eligible electors of the District on November 8, 2022, a majority of those qualified to vote voted in favor of certain ballot questions authorizing the issuance of indebtedness and imposition of taxes for the payment thereof, for the purpose of providing financing for the planning, design, acquisition, construction, installation, relocation, redevelopment, operations and maintenance of the public improvements within the District including streets, parks and recreation, water and wastewater facilities, transportation, mosquito control, safety protection, fire protection, television relay and translation, and security.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

The District has no employees and all administrative functions are contracted.

Revenues

Developer Advance

The District is in the development stage. As such, the operating and administrative expenditures will be mainly funded by the Developer. Developer advances are recorded as revenue for budget purposes with an obligation for future repayment when the District is financially able to reimburse the Developer from bond proceeds and other legally available revenue.

Expenditures

Administrative Expenditures

Operating and administrative expenditures include the estimated services necessary to maintain the District's administrative viability such as legal, management, accounting, insurance and meeting expenses.

Debt and Leases

The District has no outstanding debt nor any capital or operating leases.

This information is an integral part of the accompanying budget.

Instructions

If either revenues or expenditures exceed \$200,000, use the Long Form

Under the Local Government Audit Law (Section 29-1-601, et seq., C.R.S.) any local government may apply for an exemption from audit if neither revenues nor expenditures exceed \$1,000,000 in the year.

Exemptions from audit are **NOT automatic**

To qualify for exemption from audit, a local government must complete an Application for Exemption from Audit **each year** and submit it to the Office of the State Auditor (OSA). Approval for an exemption from audit is granted only upon the review by the OSA.

Any preparer of an Application for Exemption from Audit — Short Form must be a person skilled in governmental accounting.

Read **ALL instructions before completing and submitting this form**

All applications must be filed with the OSA **within 3 months** after the accounting year-end.

For example, applications must be received by the OSA on or before March 31 for governments with a December 31 year-end. Applications for exemption from audit are not eligible for an extension of time.

Governmental activity should be reported on the modified accrual basis. Proprietary activity should be reported on a cash or budgetary basis.

Important!

All Applications for Exemption from Audit are subject to review and approval by the Office of the State Auditor.

Governmental Activity should be reported on the **Modified Accrual Basis**.

Proprietary Activity should be reported on a **Budgetary Basis**.

Failure to file an application or denial of the request could cause the local government to lose its exemption from audit for that year and the ensuing year. In that event, an audit shall be required.

Prior year forms are obsolete and will not be accepted.

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, CliftonLarsonAllen LLP (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.
